

Navigate A Course For Success This Spring.

The Chase Spring Regatta is an exciting eight week race that gives you and your branch's crew several chances to sail across the finish line with flying colors. The competition which runs from March 11th - May 5th, includes three different races that will recognize and reward individual and crew performance on both a weekly basis and over the long haul as well. At the race's conclusion, you could win an exciting four night stay in the yachting capital of the world - Newport, Rhode Island.

Three Separate Exciting Races

THE INDIVIDUAL COMMODORE'S TROPHY

You'll compete single-handedly against other individuals in your region, for the Individual Commodore's Trophy. Points will be awarded for products sold, referrals and increased alternative transactions on a weekly basis. The top five performers each week will receive nautical flags noting their success.

At the end of the eight week competition, points will be totaled and the top five performers in each region will win the Individual Commodore's Trophy as well as the following prizes:

1st Place	4 Night Stay for Two in Newport, RI
2nd Place	2 Night Stay for Two in South Hampton, LI
3rd Place	Nautical Print
4th Place	Seth Thomas Brass Clock and Barometer Set
5th Place	"Sailing Gear" Bag with logo

There are 25 winners in all!

THE REGIONAL CREWMANSHIP TROPHY

In addition to being recognized for your individual sailing efforts, your success also contributes to your branch's overall standing. Your branch's "crew" will race against other "crews" in your region for the Regional Crewmanship Trophy.

Performance will be measured on a percentage of goal basis. In order to win the cup, your crew will need to meet or exceed 100% of the branch's pre-set eight week goal. Branch size will be equalized by using this percentage of goal system. The top branches in each region who run the tightest ships, will receive the trophy, as well as a dinner cruise for the entire "crew". There will be five regional dinner cruises with a total of 61 branches enjoying the rewards of expert crewmanship.

The Individual Commodore's Trophy winners from the same region will also attend these dinner cruises where all prizes will be awarded.

MID-RACE MARKER

The Mid-Race Marker has been established to give the race an extra burst of wind. After the fourth week, all "crews" that have reached or exceeded 55% of their branch's eight week total goal, will be rewarded with "The Giant Sub Party". The entire "crew" will be treated to a mid-race lunch compliments of the Regatta Commodore.
